ABOUT HELLIRINN

Hellirinn is a youth club that services special needs kids. Hellirinn operates under Miðberg recreational center in Breiðholt. Hellirinn provides service for children that live in or go to school in Breiðholt, Árbær and Norðlingaholt.

Miðberg recreational center is founded on the base of Fellahellir and has serviced inhabitants of Breiðholt from 1974. The goal of Miðberg is to provide children and teenagers valuable and professional service in their freetime and give them the option of diverse and interesting leisure service on the in the field of leisure, education, culture and pedagogics under the guidance of qualified staff.

In the department of children's services Miðberg operates six after school programs: Álfheimar at Hólabrekkuskóli, Bakkasel at Breiðholtsskóli, Hraunheimar for grades 3-4 at Hólabrekku- and Fellaskóli, Vínheimar at Ölduselsskóli, Vínasel at Seljaskóli and Regnboginn for grades 3-4 at Öldusels- and Seljaskóli.

In the department of teenage services Miðberg operates four youth clubs: Hellirinn, Hundrað&ellefu, Hólmasel and Bakkinn. The youth clubs are open for children aged 10-12 years of age and 13-16 years of age. Hundrað&ellefu is located at Gerðuberg 1 and services Hólabrekkuskóli and Fellaskóli, Hólmasel is located at Hólmasel 4-6 and services Seljaskóli and Ölduselsskóli. And Bakkinn is located at and services Breiðholtsskóli.

Miðberg runs its services according to the guidelines and quality standards of the department of Education and Youth. Special emphasis is put on preventive work, positive social development and that Miðbergs services is open for everyone.

M I D B E R G

GOAL OF HELLIRINN

The goal of youth clubs that provide special needs services is to give disabled children and teenagers in grades 5-10 and their parents comprehensive and professional services where pedagogical values are kept in mind. What that entails is to create environment where children and teenagers can develop their communication skill and, social skills as well as strengthen their self-image and social involvement.

The goal of special needs youth clubs is to offer diverse and age appropriate activities that appeal to different children and teenagers with different interests and ensure that they have a safe environment that is characterised by warmth and respect.

The ideology the youth club is based on is individualized service where we work with the strengths of each child and we try to meet different needs and interests. We systematically try to increase the children's interest in open youth clubs and support them in participating there in association with their managers and the parents of the respective child or teenager.

Hellirinn is divided by age and has on one hand services for grades 5-7 where our emphasis is that the children are introduced to the ten to twelve years old program of their neighbourhood youth club. On the other hand we have services for grades 8-10 where the teenagers make up their own schedule. The teenagers regularly get lectures that aim to increase their independence. An example of this is that we educate the teenagers about financial matters and we have posters hanging on the wall where they can see how much it costs to run the youth center and how the things they put on the schedule affects our budget and how much the food costs ect. We also emphasize that the teenagers know what is going on in their neighbourhood youth club and we regularly go and visit them and also offer the possibility that the teenagers can attend the open evenings there with support from Hellirin's staff.

LOCATION

Hellirinn is located in Kleifarsel 18, 109 Reykjavik. The phone number of Hellirinn is 411-5790.

STAFF

At Hellirinn there are a manager and an assistant manager that have full time jobs. Other staff is allocated to Hellirinn by an assessment of the needs of the children in Hellirinn's service each time.

--	------------------------------------------------------------------------------------------	--	------------------------------------------------------------------------------------------------------------------------

HELLIRINN IS A NUT FREE YOUTH CLUB BECAUSE OF SEVERE ALLERGIES.

Please do not send the children with anything that contains nuts such as energy bars (almost all have nuts in them), biscuits that include nuts, cereal bars such as Corny or Kellogs, Chocolate spreads such as Nutella, Honey Nut Cheerios or any kind of nut butter.

WHAT DO THE CHILDREN DO IN HELLIRINN?

Hellirinn opens at 13:40 and the children come to us after the school day is over. Most children use the services of Strætó driving services between school and Hellirinn. When the children arrive they can have an afternoon snack between 14:00 and 15:00, after that time they can have fruit and crisp-bread

In Hellirinn we have two areas, Hellirinn and teenage Hellirinn. We divide the children according to age and is Hellirinn used for children in grades 5.-7. and Unglingahellirinn is used for teenagers in grades 8.-10. In both areas we have a weekly schedule and the children are encouraged to decide themselves what should be on the schedule each week.

Hellirinn has evening openings for grades 8.-10. once a month and they are advertised in advance. Hellirinn is in cooperation with Breiðholts youth clubs and we encourage the teenagers in grades 8.-10. to go to evening openings in their neighbourhood youth clubs if they are interested. In Hellirinn the teenagers can see what is on the schedule in their neighbourhood youth clubs every month.

M I D B E R G

YOUTH CLUB COOPERATION

Children in 5th-7th grade can participate in the ten to twelve year old program in their neighbourhoods youth club with the support of the employees in Hellirinn. Adolescents in 8th - 10th grade can participate in their neighbourhoods youth club events and SAMFÉS events with the support of the employees in Hellirinn. SAMFÉS is the association of youth clubs and youth houses in Iceland.

Hundrað&ellefu youth club

Hundrað&ellefu youth club is for children and adolescents in 5th-10th grade that go to Fellaskóli and Hólabrekkuskóli. The ten to twelve year old program is once a week for children in 5th - 7th grade. Two times a week Hundrað&ellefu has a dayshift for adolescents in 8th - 10th grade, the youth club is also open four times a week in the evening for that same age group. The youth club's address is Gerðuberg 1.

Hólmasel youth club

Hólmasel youth club is for children and adolescents in 5th - 10th grade that go to Seljaskóli and Ölduselsskóli. The ten and twelve year old program is once a week for children in 5th - 7th grade. Two times a week Hólmasel has a dayshift for adolescents in 8th - 10th grade, the youth club is also open four times a week in the evening for that same age group. The youth club's address is Hólmasel 4 - 6.

Bakkinn youth club

Bakkinn youth club is for children and adolescents in 5th - 10th grade that go to Breiðholtsskóli. The ten and twelve year old program is once a week for children in 5th - 7th grade. Two times a week Bakkinn has a dayshift for adolescents in 8th - 10th grade, the youth club is also open three times a week in the evening for that same age group. The youth club is in Breiðholtsskóli.

Events of Breiðholt youth clubs

- Söngkeppni Breiðholts, a preliminary competition of Söngkeppni Samfés
- Breiðholt got Talent, a talent competition
- Náttfatanótt, Pyjama night where the kids stay overnight
- Skíðaferð, a ski trip
- Skrekkur, talent show of the elementary schools

M I D B E R G

Events of SAMFÉS

-Rímnaflæði, a rapping competition

-Stíll, a design competition

-Samfestingur, A weekend event of SAMFÉS, a big party with teenagers from all over iceland on friday and a singing competition of saturday.

-Danskeppni SAMFÉS, a dancing competition.

LONG DAYS

Hellirinn is open from 08:00-17:00 on school's organizational days, easter break and christmas break. Hellirinn is always closed on „red days” or major public holidays. Signing up for those long days is available throughout each semester and it closes a week before each long day. The sign up for the christmas and easter break is given a longer notice than normal long days. You can sign your child up for a long day on this website: <http://umsokn.fristund.is>. It costs extra to sign your child up on a long day if you choose to sign it up before lunch, 08:00-13:00, and after lunch on days where is doesn't use our service. If the child uses our service after lunch it will not pay extra if it only wishes to come between 13:00-17:00. We do recommend parents to sign their child up even if the child is only coming between 13:00-17:00, especially on christmas and easter breaks, so we can arrange our staff as needed. More information about our prices is on page 13.

OPENING HOURS

Hellirinn is open mondays to fridays between 13:40 - 17:00, except for major public holidays.

Other opening hours:

1. Hellirinn is open from 08:00-17:00 on organizational days in schools, christmas break and easter break, except on christmas eve and new years eve where Hellirinn is only open from 08:00-12:00. Parents must sign their children up for these days.
2. Hellirinn doesn't open earlier on non-traditional days in school where classes finish earlier than usual unless other plans have been made between the school and Hellirinn. Those days are for example theme days, sports days, christmas party and spring trips.
3. Hellirinn is closed during school's winter breaks.
4. Hellirinn is closed on the **first day of school and the last day of school. Skólaslit, skólasetning**
5. Hellirinn has two organizational days one in the fall and one in the spring. Hellirinn is closed on those days.

M I D B E R G

COOPERATION WITH ELEMENTARY SCHOOLS

Hellirinn seeks to offer complete service and that's why the manager of Hellirinn and the assistant manager sit in team meetings with the children's teachers and other professionals in schools and in other places where the parents wish us to participate.

STRÆTÓ - DRIVING SERVICE

Most children in Hellirinn use Strætó's driving service to go from school to Hellirinn and also to go home from Hellirinn. The principle at the school where your child attends applies for school driving for your child. All information about the driving service can be found on <http://www.akstursthjonusta> or by calling 540-2700. While using the driving service you have access to an online app where you can see all the trips you've booked. You can also see if the car that is picking up your child is on time, if it is in the car or if it missed the car. This is the website to access the app: <http://www.akstur.straeto.is:6030>

SOCIAL MEDIA

Hellirinn uses social networks to show parents what the children are doing during the day. Hellirinn uses Facebook and Instagram to put pictures of the children online, those sites need to be liked or followed in order to see the photos of the children. We do not accept people that don't know the children. Hellirinn has a facebook like page called [Félagsmiðstöðin Hellirinn](#) and our account on Instagram is *hellirinn*. Hellirinn also has a Snapchat account where everyone can follow us but we do not accept people that don't have any connection to the children. Miðberg has a website called [midberg.is](http://www.midberg.is), there you can find news, advertises about open evening and the weekly schedules in Hellirinn.

M I D B E R G
<http://www.midberg.is>

APPLICATION FOR SERVICE IN A SPECIAL NEEDS YOUTH CLUB

Parents of children that are in caregiving categories 1-3 according to the definition of the the Social Insurance Administration and are going to grade 5 in the next school year get information about the services of the youth clubs that provide special needs care around January/February of the school year before. Registration for the youth clubs that provide special needs care takes place in February.

If parents do not live together but share custody of a child the parent that shares a legal residence applies for a place in the special needs program. Parents are encouraged to apply for a place before 1st of May each year.

When parents have applied for a place they get a confirmation email that the application has been received. If there is a delay of service, for example due to labor shortage, priority groups are first accepted and then the applications are dealt with in chronological order, the oldest application first. In the case of severe labor shortage the children receive partial services, for example three days out of five and so on. For further information see article 4 about priority for special needs youth clubs.

Registration for the special needs youth clubs summer program starts in March/April. The children have to be registered before 12:00 (noon) on the friday before a course starts so it can attend the nexts week course. At the registration website parents can see if there is an available spot for the weeks they want to apply for or if there is a waiting list. In the case of waiting lists parents receive an email if the child gets a spot.

If a child that has an application for a place in a special needs youth club moves before the school year starts it is possible to move the application between youth clubs by contacting the club that received the original application. Applications are placed in the same chronological order as before and are processed according to that, the oldest application first except if there are application that fall under the priority application process, see paragraph 6 in article 1.a. And article 4 in the priority chapter.

Priority application for special needs youth club

It is possible to apply for a priority spot in special needs youth clubs for a child if special circumstances apply. Application for a priority spot should be handed in to the youth clubs manager on a priority application form.

Children with a priority spot are placed on a waiting list according to the date of the application, the oldest application is processed first. If there is a delay of acceptance due to labor shortage the manager of the youth club can in cooperation with the department head of

teenage services put together a turnover system where every child receives services for fewer days than the original applications.

It is possible to apply for priority in special needs youth clubs due to:

- a) Children in difficult social circumstances. Staff of municipal service centres in the city, child protective services or other institutions that have to do with child welfare, guidance counselor or department heads of elementary schools can apply for priority on the basis of difficult social circumstances or sudden change in family status.
- b) Children that have lived in Iceland for fewer than two years. Confirmation of the first day of school in Iceland from the child's elementary school has to accompany the application.
- c) Children of the staff of after school programs or special needs youth clubs run by the school and leisure department of Reykjavík. Staff member applies for a priority spot with the manager of the youth club where the child has an application. It is not guaranteed that the staff member continues to receive priority services if he quits his job with the city before the application is processed according to the rules of priority applications.

Applications for a priority spot should be processed within 14 days. When the application has been accepted the parent gets service for the child in the youth club as soon as the youth club has the capacity to do so. If the application is denied it must be done so in accordance to administrative law and with reasoning. The manager of the youth club should inform parents of their right to object the decision to the Ministry of Education, Science and Culture. It is not possible to apply for a priority spot in the special needs youth clubs summer program.

QUALIFICATION FOR PARTICIPATION

All children age 10-16 can participate in open youth clubs. Only in exceptional cases there is a limited number of participants. The prerequisite for participating in special needs youth clubs is that the child is in caregiving categories 1-3 according to the definition of the Social Insurance Administration:

- **Category 1:** Children who, because of a serious disability or multiple disabilities, are heavily dependent upon others for mobility and/or most activities of daily living.
- **Category 2:** Children who, because of disability, require assistance and nearly constant care in daily life, e.g., because of serious or moderate developmental disability or motor disability (requiring the use of a wheelchair), substantial associational impairment, autism, hearing impairment (requiring the use of sign language/lip reading), and blindness.
- **Category 3:** Children who, because of disability, require assistance and care in daily life, e.g., because of mild developmental disability or motor disability requiring the use of

M I D B E R G

braces and/or crutches to get around, hearing impairment requiring the use of hearing aids in both ears and substantial visual impairment in both eyes.

The manager of a special needs youth club seeks the consent of a parent to contact the municipal service centres in the city to confirm its child's caregiving category.

Staff of municipal service centres in the city, child protective services or other institutions that have to do with child welfare can, with the parents' consent, apply for an exception for a child if it is not in caregiving categories 1-3.

The office of the department of School and Leisure makes the decisions about whether applications are accepted or denied.

If children in special needs youth clubs have legal residence in another municipality parents need to apply to their municipality for cost participation. The Municipality makes a contract with the relevant recreational center. The contract has to be made before the child can receive services from the youth club.

A requisite for a child to attend a special needs youth club is that the parents do not have overdue bills from the department of School and Leisure. For further information see the chapter "Termination of Services" here below.

STAY IN A SPECIAL NEEDS YOUTH CLUB

The first day of Hellirinn every fall is the day after schools start, the last day of Hellirinn in the spring is the day before the school end. When you've signed your child up for Hellirinn you will receive an email which tells you that you have been offered the service which you need to confirm by pushing a link which will appear in the email. If you don't confirm the service by pressing the link then another will be offered the spot. When you confirm that you will be using our service you will also be confirming that you have read our price list for Hellirinn youth club and the rules about youth clubs in Reykjavík. Your application in Hellirinn lasts one school year (August-June). If you wish to change the use of our service or terminate the service you will have to do that before the 15th of each month, the change or termination will take effect in the beginning of the next month. The termination shall be done on rafraen.reykjavik.is or written to the manager of the youth club.

SUMMER PROGRAM OF HELLIRINN

In the summers Hellirinn offers a summer program. Each course is a week long and is from 09:00-16:00. It is possible to purchase extra time from 08:00-09:00 and 16:00-17:00 if needed.

M I D B E R G

A separate price list applies for the summer program. Special needs youth clubs are closed for two weeks each summer.

Applications for the summer program are processed in the chronological order they are received. The summer program is for all children with legal residence in Reykjavík that are finishing grades 5.-10 and are in caregiving categories 1-3 according to the definition of the Social Insurance Administration, no matter what school in the city the child attends.

Hellirinn offers diverse summer program for disabled children in grades 5.-10. In the summer each program will be divided by age: grades 5.-7. will be together and grades 8.-10. will be together.

Every week we have 8 places available and then we offer a waitlist. We do our best to offer everybody that registers a spot but to be sure to get a spot it's best to register earlier rather than later.

Registration for each week is open until 12:00 (noon) on the Friday before each program starts. (For example for the week 11-15 June the registration is open until Friday June 8th). If there is an available spot the staff will confirm the registration via phone or email.

In the summer program we do a lot of outdoor activities. We try our best to have the schedule diverse. We take many trips, both inside Reykjavík but also day trips outside of Reykjavík.

One payment slip is sent for each month of the summer. 20% sibling discount is given off of the fee of a second child that is registered at the same legal residence/family number. It is not possible to get sibling discount for extra time.

Please note that if you want to deregister your child from a program then you need to give the staff a written request of it a week before the program starts (for example midnight on a Sunday when a program starts the Monday after, i.e. Sunday June 3rd for the program starting June 11th).

The fee for the summer program is collected afterwards. The due date is the first day of the next month. The final due date is 30 days after the due date. If the fee has not been paid 50 days from the due date it is sent for collection through the collection agency Momentum. It is not possible to use the leisure grant to pay for the summer program.

[Cooperation with the Work School of Reykjavík](#)

The Work School offers students in grades 8, 9, and 10 summer jobs. If a teenager from Hellirinn registers for a summer job with the work school they can request to have their work station in Hellirinn. The work school group of Hellirinn works from 9:00-16:00 and is organized

M I D B E R G

like that that half of the day they do assignments related to their capabilities and interests as well as receiving lectures and half the day they do fun activities that they themselves help plan.

The weeks that the teenager wants to work do not have to be 3 weeks in a row and can be divided over the time Hellirinn is open over the summer. The teenagers do not get paid if they are sick or if they take time off during a week.

Those weeks that the teenager is registered for work through the works school it does not pay a fee for being in Hellirinn but extra time from 08:00-09:00 and 16.00-17:00 can be purchased.

PRICE LIST

The price list for special needs youth clubs and the summer program of recreational centers is approved by the city council and can change without notice.

Parents are responsible for the payment of the fee for a spot in a special needs youth club.

Price list for the winter program

The price of participation in youth club operations shall be kept at a minimum and costly events of shall be distributed evenly over the school year,

The price of the services of special needs youth clubs and for after school snack is decided by the Department of Education and Youth as it is published on the website of the department www.skolarogfristund.is. The price list is approved by the City Council and can change without notice.

The city of Reykjavík subsidizes the stay of children in special needs youth clubs. Parents pay part of the cost according to how many days they participate per week. Parents also pay for after school snacks.

If service is bought from 08:00-13:40 on parent days and organizational days of schools or during Christmas and Easter break an extra fee applies. In the above-mentioned days children can attend from 13:40-17:00. Parents are asked to register their children electronically for these days according to instructions from the youth club. It is also possible to register those children for a space from 13.40-17:00 that do not normally have a spot on that particular day for an additional fee. Afternoon snacks are given on those days but children have to bring a morning snack and lunch. **Registration for long days is binding and it's not possible to get sibling discount for extra hours on those days.**

It is possible to use the leisure grant for the winter program for the base fee, not afternoon snacks.

The allocation of the leisure grant is done through “mínar síður” on rafræn Reykjavík www.rafraen.reykjavik.is. The allocation window is open for about a week at the beginning of each month and parents get an email as a reminder. It is not possible to extend the time that the allocation window is open.

Please not the following: After you have allocated the grant the bill lowers about 1-3 working days in the homebank. If you pay the bill before you can see that the grant has lowered the bill you can not use the grant that month. The grant cannot be used backwards in time. Therefore it is important to wait to pay the bill until the allocation has come through.

Please pay attention that in some cases the allowance on the leisure grant is higher than the fee for participation. In those cases you need to choose the amount you wish to use according to the bill you have received. You can find the bill under electronic documents in your homebank.

Discounts from the fee of the winter program

Employees of after school programs and special needs youth clubs in Reykjavík can get a discount of the base fee:

- Apply for the discount on a designated form
- Work at least three days a week in an after school center or special needs youth club
- Hand in a written confirmation from the manager of the after school center/special needs youth club where the employee works where it states that he is an employee that has the right of a discount
- The discount is given from the time where the application is given to the manager of the special youth club where the child attends. Discount is not given for after school snacks.

The discount expires if the employee resigns from the after school center/special needs youth club or goes on unpaid leave. The employee must inform the manager of the program where the child attends about these changes. The employee must also inform the manager of the program where the child attends if his employment ratio changes to the point where it has an impact on the discount given. The discount does not expire if the employee goes on unpaid leave due to educational purposes where the education is beneficial to his work on the basis of the city of Reykjavík rules on unpaid leave of its employees.

If siblings, two or more attend special needs youth clubs and/or after school programs of the city of Reykjavík 75% discount is given of the base fee for the second child and 100% for the third and fourth child. 50% discount is given of the base fee for a special needs youth club if the department of Education and Youth is subsidizing a spot for a sibling in kindergarten or

M I D B E R G

dayparent. In order to get this discount all children need to have the same family number/legal residence in the national registry. Parents pay full price for the afternoon snacks of all children.

Discount according to these rules is given, if all conditions are met, to the parent that according to the national registry has the same legal residence and same family number as a child that attends kindergarten.

It is not possible to get discount backwards and is it given according to the date where all data is handed in to the manager of the after school center, special needs youth club or recreational center and all conditions are met. It is possible to correct the bill one month backwards if the parent has for example forgotten to apply for the discount and met all conditions in the previous month. The discount expires without notice if parents do not fulfil the conditions of the discount. If parents receive discount based on wrong information a bill will be sent out to correct it according to general rules of the law of obligations.

Billing

Payment for participation in a special needs youth club are collected after each month. The payment slip is sent electronically to the homebank of the parent or guardian that is registered as the payer. If the payer wishes to receive the payment slip in the post he needs to contact the City service desk, Borgartún 12-14. Tel: 411-1111. The due date is 1. of each month and the final due date is 30 days later. Registration for services before noon on long days in special needs youth clubs is binding and the fee for those registrations is collected afterwards.

Collection process in the case of delinquent payments

The collection process for delinquent payments is according to the collection rules of the city of Reykjavík.

The payer will receive a reminder If fees are unpaid ten days after final due date.

If a debt has not been paid 50 days after due date it is moved to intercollection. When the claim has been sent to a collection agency it is only possible to negotiate payment with that agency.

Claim of a debt payment that is not collected in intercollection goes to legal collection 120 days from due date.

Along with interest on overdue payments that are calculated of the principal amount from due date to date of payment, if the claim is paid after final due date, the cost of sending out reminders and the fee of the collection agency is added to the final bill.

Termination of services

Resignation of services and applying for fewer days in special needs youth clubs needs to be handed in to the manager of the youth club before 15. Of every month and then it will be valid from the start of next month. Application for more days can be handed in any time. Any changes can be made on Mínnar síður on Rafræn Reykjavík or by email to the manager.

In the summer program of special needs youth clubs and the summer workshops for grades 5.-7. It is necessary to deregister children with an email to the youth club or recreational center on the Sunday in the week before the program starts. Otherwise the full fee will be collected.

If payment has not been received 110 days from the due date the department of Education and Youth reserves the right to terminate the contract for its summer or winter programs. In this case it does not matter if the debt is not for the respective child if the claim satisfies the above-mentioned conditions or if a payment schedule that has previously been made has not been met. Termination is valid from the beginning of the month and the notice is one month.

The department of Education and Youth has allowance to make agreements with parents about paying older debts so a younger child can start attending a special needs youth club or participate in their summer program but in that it is also included that the department can terminate the stay of a younger child if the payment deal is not met.

We follow the work procedure of increased services to parents that owe and the employees of the department of Education and Youth directs parent for consulting at the city's service centers.

Illness of children

If a child can not attend the special needs youth club because of illness for four weeks consecutively or longer parents can apply for 50% discount of the base price. Discount is given for the duration of the illness if a doctor's note is handed in. Parents must apply for the discount within three months of the child's illness. It is the parents responsibility to inform the manager of the youth club when the child is feeling well again and will be attending the youth club again. The department of Education and youth reserves the right to collect fees backwards if it comes to light that the illness discount has been given after the child has started attending the youth club again.

Payments for individual events and/or trips in youth clubs are refunded if the child has been unable to attend due to illness except when otherwise stated. Confirmation fees (if collected) are non refundable.

M I D B E R G

In the summer program of special needs youth clubs and the summer workshops of 10-12 year olds the base fee is not written off unless a doctors note is handed in.

Price list for the summer program

The price for the summer workshops for children finishing grades 5.-7. is decided by the department of Education and Youth and can be found on its website, www.skolarogfristund.is

In the summer program of special needs youth clubs there is a base fee from 09:00-16:00. It is possible to purchase extra time from 08:00-09:00 and from 16:00-17:00. The registration is for a week at a time and the price is per week and is collected once a month. No food is provided in the summer program and therefore the children need to bring food with them from home unless otherwise stated. The price list is decided by the department of Education and Youth as it is decided each time and can be found on its website, www.skolarogfristund.is

If a registered participant decides not to attend a particular week but has not informed the Recreational Center at least a week before the start of that weeks program then the base fee is collected in full. If illness prevents the child from participating the fee is written off if a doctors note is handed in.

Discount from the fee of the special needs youth club summer programs

20% sibling discount is automatically given to siblings that have the same legal residence and family number in the national registry if they attend the summer program of the department of Education and Youth in the same month. The discount is given from the full fee of the older child. Sibling discount is not given from the youth club workshops or extra time.

It is not possible to use the leisure grant to pay for the summer program of special needs youth clubs,

If parents are of foreign descent and have legal residence in Reykjavik (one parent or both) and if the child has lived in Iceland shorter than two years it can attend the summer program for three weeks for free if an application is handed in. A written application is handed in to the Recreational Center. This discount is not applicable for children that have legal residence abroad and come temporarily to Iceland over the summer months.
